### PAVING PLANS ARE ADVANCED IN CAMERON

Property owners in Cameron can have the benefit of street paving at the lowest cost in history. This fact was disclosed here Tuesday night when representatives of the Works Progress Administration met with the Chamber of Commerce.

If property owners will agree to a small cost of not to exceed 65c per foot for curb, gutter, and paving, the city will be able to finance approximately \$100,000 worth of street improvements. August Horstmann, alderman and member of the board of directors of the Chamber of Commerce, said the city's position was one in which it must look to the property owners for a small share of the cost.

The Federal Government will allot approximately 65 per cent of the total cost of this paving. It was disclosed at the meeting that considerable progress has been made on the street paving project and a committee will go to Taylor some time this week to confer with city officials there.

A project is being urged for toping the road from Ad Hall through Norman Valley in Sharp. D. K. Hall and George T. Graves appeared before the Chamber of Commerce on Tuesday night to urge assistance of the business men in bringing this matter to the attention of the commissioners' court.

## Velveeta Hamburgers Deluxe

A man's home is his castle—no doubt of that, when he decides to take command of the kitchen! Every man harbors the secret feeling that, given a chance, he has the inspired hand of a chef! And chances are, he's right!

For those stag feasts, and other occasions when the man of the house decides to try a little plain and fancy cooking, no choice could be a happier one than hamburgers with Velveeta. Here's a satisfying feast, substantial enough to appeal to any hearty mas-

culine appetite—and easy enough to prepare to make cooking seem the simplest art in the world.

Velveeta Hamburgers are made by pan-broiling individual hamburger patties, adding a slice of Velveeta on the hamburger, placing them beneath the broiler until the cheese food is melted to a luscious golden brown. Then place the hamburger cheese combination between halves of a toasted picnic bun, add piccalilli, Bermudas, or your favorite condiment—and there is a feast indeed.

## Pre-School Age Clinic Organized at Sharp

A health clinic for children of pre-  
school age was held at the Sharp  
Home Economics Department, Tues-  
day, October 25th, from 2 to 4 o'clock  
by Miss Pearl Fulcrud, county health  
nurse.

After a study of pre-school age  
children, the second year home mak-  
ing class felt that a pre-school health  
examination would be worthwhile to  
the people of the Sharp community.  
Miss Fulcrud, assisted by Mrs. Grady  
Stidham of Cameron, and girls of the  
home making class, examined eleven  
children and reported to their  
mothers. The girls hope to make  
this free clinic a monthly affair.

Mrs. Lola Hearrell returned Mon-  
day from Gladewater where she spent  
two weeks visiting her son Jack  
Hearrell and family.

Mrs. Trent Newton who has been  
living in Beaumont with her son  
Trent, for some time, arrived here  
Thursday evening for a short stay  
and is at her apartment on North  
Central Avenue.

## Jury Fails to Agree In Insurance Suit

Mrs. Vivian Green of San Antonio  
appeared in District Court here last  
week, the third time asking South-  
western Life to pay double indemnity  
on the life of her estranged husband,  
Henry Grady Green, who died on the  
Maysfield road in June 1934. At the  
time of his death statements of those  
most familiar with the circumstances  
showed he died of heart attack. First  
notices to the company from the  
beneficiary and her representative,  
stated he died in his car. The proofs  
of death furnished by the beneficiary  
included her statement "His last  
illness was at Maysfield" a few min-  
utes before his death. The company  
offered a settlement shortly after in  
preference to going to court.

The first trial in 1934 the jury  
gave the beneficiary a verdict, which  
on appeal by the company the high-  
ed court reversed it for new trial.  
The second trial in 1938 the jury  
gave the company a verdict, but ow-  
ing to a technicality the case was  
thrown out and a third trial set,  
which resulted in a hung jury in the  
local court here last week.

The plaintiff has been represented  
by Roy Baskin and Mr. Spann of  
Navasota, who wrote the first letter  
to the company for the beneficiary  
stating the insured died in his car.  
He also completed the claimant's  
statement for proof of death and took  
her acknowledgment for same, and  
appeared here in court the first trial.

### Chapmann

(Continued from page 1)

Rev. Bill Hopkins, the local Methodist preacher at that time. They have lived continuously in Milam county since their marriage always within a radius of ten miles of Cameron. Mr. Chapmann is a native Texan and came to Milam county from Robertson county 52 years ago. Mrs. Chapmann was born in Alabama but came to Texas when only a child. Before her marriage, Mrs. Chapmann was Miss Mary Kinsel. Mr. Chapmann is 73 years old and Mrs. Chapmann is 71 years of age.

Mr. and Mrs. Chapmann are the parents of three children, all of whom are living, married and have families of their own. They are Willard Chapmann of North Elm, Mrs. R. A. Griswold of Yarrellton and Mrs. Fred Smith of Corpus Christi. Mrs. Smith was unable to attend the anniversary celebration of her parents.

The pioneer couple have ten grandchildren, Raymond, Hilton and Aleene Griswold, children of Mr. and Mrs. R. A. Griswold, who attended the anniversary; Jesse Chapmann, son of Mr. and Mrs. Willard Chapmann; and David, Georgia, Rena Mae, Billy, Alice Frances, and Ida Irene Smith, children of Mrs. Fred Smith, none of whom were present on this occasion.

An impressive note of the occasion is the fact that a number of life long friends who attended the wedding of the couple were also present for the anniversary. Those old time friends are Mrs. N. E. Colburn of Yarrellton, Mrs. Willie Carlton and son, Leonard Carlton of Ad Hall, Mrs. John McDonald of Yarrellton, and Mrs. Cora Robison of Cameron.

Mrs. Willie Carlton helped to make the bride's wedding dress fifty years ago.

Highlighting one of the long tables was a three tiered wedding cake baked by Mrs. N. E. Colburn of Yarrellton, and decorated by Mrs. Clarence Colburn of Yarrellton.

Judge Graham Gillis of Cameron made an address to the group in which he told interesting highlights of the couple's married life. At noon a delicious meal was served to the host of guests and friends. Mr. and Mrs. Chapmann were the recipients of many beautiful gifts given in appreciation of the fine lives they have lived. It was a happy occasion for this couple and they have the congratulations and best wishes of many friends and loved ones.

Out of county relatives present were Mr. Chapmann's sisters, Mrs. Alice Wilson of Groesbeck and Mrs. Nancy Rasco of Kossey, and his brother, Jim Chapmann of Groesbeck. Mrs. Pete Lewis of Corinth and her daughter, Lettie Lewis, and Mrs. Hugh Powell and family of Ad Hall, sisters of Mrs. Chapmann were also present.

### CAMERON B SQUAD

With two losses and one win on its record, the Cameron B Squad prepares for the second seasonal tilt with the Hearne B Squad here Thursday, October 27th. Cameron won the first game 12 to 6 and will attempt to re-enter the win column with a victory Thursday. To do so, the boys must show a decided improvement over the form seen in the Holland game in which both offensively and defensively they made a disappointing showing.

Patterson is working to polish the offense and more especially to reduce the number of fumbles, a weakness brought to light by the Holland game.

William Price 140 pound back who does most of the kicking and passing for the local boys, will be captain for the game here Thursday against Hearne B when these two teams meet under the lights at 8:00.

Admission is 15c for adults and 10c for children.

### Lee Whisenant Dies At Home in Houston

General Lee Whisenant 47, a one time resident of Milam county, died at his home at 1031 Key Street, Houston, at 11:15 a. m. Friday, Oct. 21. He had lived in Houston for 16 years and was engaged in the insurance business.

Surviving Mr. Whisenant are his wife, Mrs. Vera Whisenant, a daughter Mrs. Hughes M. Zenor; four sisters, Mrs. Jessie McMinn, Mrs. Carl Miller of Prairie Hill, Mrs. Vernon Stevens of Sweetwater and Mrs. Roy Sawyer of Mount Calm; two brothers L. B. Whisenant of Mount Calm and E. T. Whisenant of Collidge, and one grandchild.

As a small boy Mr. Whisenant came to Gause where he lived in the home of the late Gus Ditto. In 1913 he came to Cameron and worked in Otto Schmidt's barber shop. It was at this time he married Miss Vera Luce. Later he worked at the Auditorium Barber shop. While they resided in Cameron, Mr. and Mrs. Whisenant took an active interest in BYPU and Sunday School work in the local Baptist church.

They moved from Cameron to Memphis, Texas, nineteen years ago and later became residents of Houston where they lived until his death.

Funeral services were conducted at 2:30 p. m. Sunday in the Heights Funeral Home Chapel with Rev. W. M. Harrell assisted by Dr. C. F. Zenor, officiating.

Pall bearers were: R. M. Warren, E. S. McAllister, Mr. Bowman, Roy Simmons, V. C. McKinnon and J. E. Belk. Honorary pall bearers were all the members of the Big Six class of the Woodlawn Baptist church.

Those from Milam county to attend the funeral services were Mrs. B. T. Godfrey of Gause and C. F. Swift and Miss Frances Sharpe of Cameron.

### Western Union is Unable to Meet New Wage and Hour Law; Shortens Hours

"The far-reaching effects of the Fair Labor Standards act has been brought home to telegraph users on October 24th, the effective date of the act, when the local Western Union office shortened its working

hours," it is announced by Mrs. Woodrow Lowe, manager of the office.

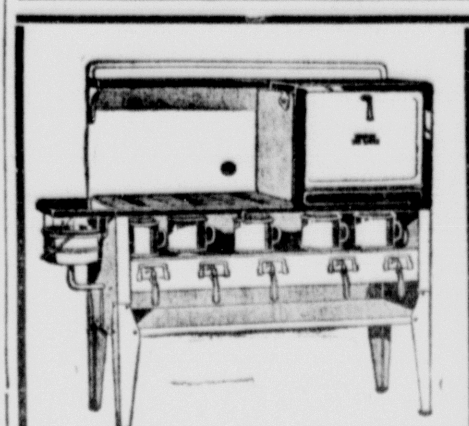

"The requirements of the act impose a burden which the Telegraph Company is unable to meet," said Mrs. Lowe, "and while it is the traditional desire of my company to serve the public when it wants to be served, we have no alternative under present business conditions but to shorten the hours. We have, however arranged our open hours to give the maximum service to our customers. The office will open at 8:13 a. m. Close from noon to 1 p. m. and close for the day at 5:40 p. m. As an indication of the company's attitude toward its employees, Mrs. Lowe said, "I will work fewer

hours but my weekly pay envelope but did not return for the third last week.

An interesting shadow was cast last week, when the beneficiary took a pauper's oath, saying she had spent all her money, and is now making her living sewing, but owned a home in Navasota that is paying her \$45 per month.

## Vegetables Dress for the Season!

Those hardy perennials of the food world—fresh vegetables—don't always get the credit they deserve even in the most appreciative of families. Familiar as they are, their appearance on tables everywhere is taken as a matter of course—a necessary means of providing valuable health elements.

But imaginative hostesses everywhere are beginning to realize that vegetables may be the most exciting dishes on the everyday menu. All they require to become chef's masterpieces is a skillful sauce to enhance their own delicate flavors and to add a note of distinction to the dish. For this purpose, the all-milk cheese food, Velveeta, is the perfect answer. Because it melts so readily

into a sauce of perfect golden smoothness, and because its own flavor is mild, delicately rich, subtle, Velveeta is the ally of the entire vegetable kingdom. Green beans, cauliflower, spinach, onions, asparagus—each of these familiar garden beauties is made more attractive and delectable by the addition of a Velveeta sauce. This golden cheese sauce, ideal for a thousand menu uses, is simply made by melting a half-pound package of Velveeta with a third of a cup of milk in the top of a double boiler.

Asparagus served with a generous topping of smooth Velveeta sauce is a treat worthy to serve as Dish-of-Honor on any party menu, simple and economical enough to come to the family table often.

## THIS DESSERT GETS INTO THE MOVIES

Here is a close-up view of the Banana Cream Dessert which was "cast" in the movie, "A Star in My Kitchen". It played an important part in connection with the love story woven into this Hollywood production, produced especially to appeal to the homemakers of the nation. Arrangements are being made for special showings of the film here in connection with the cooking school this week.

The recipe was selected from the 1938 Frigidaire recipe book and is shown here with the Frigidaire super freezer in which it was made.

For those who may be interested,

here is the recipe in full:

## BANANA CREAM

Six Servings

- 1 medium size banana
- $\frac{3}{4}$  cup confectioners' sugar
- 1 tablespoon lemon juice
- $\frac{1}{16}$  teaspoon salt
- $\frac{1}{2}$  teaspoon vanilla
- $\frac{1}{2}$  pints coffee cream

Slice banana very thin and add to sugar. Mix well. Add lemon juice and coffee cream and pour into freezing tray and allow to freeze firm. Remove to ice-cold mixing bowl; add vanilla, and beat with electric or hand beater until mixture becomes very light. Return to freezing tray and allow to finish freezing without further agitation.

present and a very enjoyable afternoon was spent by all. Refreshments were served and each member discussed their problems they intend to work out in the club. Each member is very enthusiastic over the club and home plans that we really intend to accomplish.

They studied ways and means of piping water into the home, also determining whether or not there are typhoid germs in your water and how to control the spread of them.

The members are showing a decided interest in poultry and some members have large flocks and wish to obtain best results from them.

Five of the members were present at the tour of various clubs Wednesday, October 19, and quite a lot of information was gained in this manner.

All of the women of Hoyte that have not joined are urged to join as soon as possible. The next meeting will be held at Mrs. Theo Aschenbeck's home on October 31.

## CHRISTIAN SCIENCE SERVICES

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Oct. 30. The Golden Text is: "Rejoice not against me, O mine enemy; when I fall, I shall arise; when I sit in darkness, the Lord shall be a light unto me" (Micah 7:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "This shall be the covenant that I will make with the house of Israel; After those days, saith the Lord, I will put my law in their inward acts, and write it in their hearts; and will be their

God, and they shall be my people" (Jeremiah 31:33.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Through repentance, spiritual baptism, and regeneration, mortals put off their material beliefs and false individuality. It is only a question of time when 'they shall all know Me (God,) from the least of them unto the greatest'" (pages 242.)

## Stockings Most Expensive Single Item in Clothes Budget

by Ruth Dennis

AN INQUIRING REPORTER asked six women, picked at random, to name the most expensive single item in their clothes budget. Five promptly answered: "Stockings!" Small wonder, when American women spend \$300,000,000 a year on stockings!

Even the New York State Department of Labor, working out a minimum budget for women who work, allowed 20 pairs of stockings a year—a new pair every two and a half weeks.

Making even a 4-thread stocking last that long is a problem for some girls. Frequent runs are the most common complaint.

### Secret of longer wear

Two girls may start with the very same stockings, yet one will often get twice as long wear.

Here's an important factor: the way they're washed! Stockings should be washed in lukewarm Lux suds after each wearing.

Lux guards elasticity, on which the life of a stocking depends. When the silk is "lively," it gives under strain without breaking easily, then springs back into shape. When this elasticity is weakened, as it may easily be by rubbing or by harsh soaps, runs are apt to pop!

## Barbara Stanwyck And Herbert Marshall Teamed in Film Opening Here Nov. 1

Barbara Stanwyck has completed another colorful cycle in her amazing career. And, oddly enough, she's back where she started—once more the glamor girl.

For some time now, the alluring star has been appearing in roles of dramatic depth in which her arresting beauty was subordinated to character portrayal.

But in "Always Goodbye," 20th Century-Fox film in which she stars with Herbert Marshall, she reverts to the same type of role in which she first flashed across the film horizon as one of the liveliest of the screen glamor queens.

### 24 Costumes

She's back in dazzling surroundings and she gives a one-woman style show such as the films haven't known for months and months. For her special benefit, 24 separate costumes were created by Royer, 20th Century-Fox's renowned style expert, and they reveal her once more in all her entrancing loveliness.

But—and this seems rare in a town where beauty is the sum of everything—the completely forthright Barbara is not quite sure which role she prefers.

Both appeal strongly to her particular personality, and she feels her fans, women in particular, would find it equally as difficult to indicate a preference.

### Combination Role

Although her role in "Always

Goodbye," opening Nov. 1, at the Cameron Theatre, is primarily a glamorous one, the screen play by Kathryn Scola and Edith Skouras is a remarkable combination of beauty and the forceful dramatic appeal in which Barbara is so much at home.

Ian Hunter heads the featured cast of the film, for which Darryl F. Zanuck, in charge of production, selected Sidney Lanfield to direct.

## Rural Letter Carriers to Meet in Waco Oct. 29

There will be a meeting of the Rural Letter Carriers from the 11th Congressional District at the Roosevelt Hotel in Waco on October 29th at 6:30 p. m.

This is not a regular business meeting, but purely a social affair, and it is hoped that there will be a large delegation of carriers and postmasters from this county to attend.

The principal speakers will be Congressman W. R. Poage, and W. L. Fletcher, Jr., of Hamlin, who is Treasurer of the National Association. Plates will be 75c. Anyone that does not have reservations already made may contact T. C. Lamb at Burlington, or at Ben Arnold.

Mrs. Nig Thweatt and two sons of Maysfield visited in the home of Mrs. Thweatt's mother, Mrs. G. A. Plentl of Cameron on Saturday.

## Old West Lives Again in "Western Trails" Opening At Milam Friday

With a new nest of bandits to clean out, Bob Baker, Universal's handsome, fast-shooting, singing cowboy whips himself into action in "Western Trails," which opens at the Milam Theatre for a 2 day run Friday.

Screened against a background of rugged western country, "Western Trails" tells the dramatic tale of a daring, young cowpuncher's vengeance on a gang leader who murdered his father while holding up a stage coach. There are complications galore when the avenging cowboy falls in love with the sister of the man he is out to get.

The film features Marjorie Reynolds as Bob Baker's leading lady. Miss Reynolds, a gorgeous brunette, is a comparative newcomer to Hollywood. Also prominently cast in the picture is "Smoky," the dog that has the reputation of being able to "do anything that a human being can do but talk."

The supporting cast includes Franko Corsaro, John Kennedy and Jack Rockwell. George Waggner directed.

The filming of the small town main street in "Western Trails" marked the one thousandth time that this boulevard has been used in outdoor

dramas. Built years ago, the most famous figures of western pictures have galloped along its dusty surface, including Tom Mix, William S. Hart and Buck Jones.

Many other scenes of this picture were shot on Western locations far from the studio where the wild terrain would give opportunities for breakneck riding. The company was three weeks shooting in this picturesque environment.

### His Life Story

The Dallas News

#### Radio Comes of Age

The way I figure it is this—more friends first knew me on the radio than I could have gotten around to meeting individually in nine lifetimes. It has been such a big thing in my life all these years and has played such a big part in the campaign victory that I am going to tell a good deal of our radio experience in this autobiography.

Ever since I started announcing, I have written and directed practically all of our programs. We're supposed to follow our written radio scripts, especially in these days when the radio stations are always afraid you'll say something on the air that is controversial. There is something to be said for this attitude on the part of the radio folks. They are all operating under the strictest rules and regulations from Washington, and if they let anything get by that offends people, they stand a chance of losing their licenses to operate.

#### First Brush With Censorship

Which reminds me of a fairly recent experience I had with so-called radio censorship. It was on a big station which I won't name. I always try to co-operate in every way possible, and in general I've never had any trouble—chiefly because there is nothing in our programs that could offend anybody. Our only aim is to help folks and render service.

This incident came up at the start of our campaign against reckless driving on the streets and highways of Texas. The Governor had appointed me on a State-wide citizens traffic committee. We had studied various ways of reducing the terrible slaughter of men, women and children, and there were three bills before the Legislature we thought would help cut out drunken and incompetent driving of automobiles and trucks. I sent a copy of my script in advance to the radio station. In it, I proposed to say that every listener ought to back these bills by writing to their legislators in favor of them.

The next day I got a telegram from the radio station manager.

"Your script too controversial and political, it read. I was dumbfounded. It made me mad, at first. I told my stenographer to take a telegram. I wrote, 'If campaigning against drunken driving is controversial and political, give me the name of just one blank fool who's on the opposite side.' I never sent that telegram, but that station finally agreed with me, and it is today one of the greatest boosters for this same lifesaving campaign.

Radio program building taught me something I never knew before—I am a writer, because that is what you have to do in turning out radio continuity. I have written, actually, millions of words in the last ten years. Sometimes I start out with pencil notes for a program and then dictate the final form. Most often I sit down to my typewriter and pound it out. I write it just as I would talk because that is what I am doing in each program.

The radio also brought out the poet and song writer in me. It was then

I first started writing poems and songs seriously. I have written more than 150. I wanted to keep our programs fresh and interesting to the listeners. Lots of things that happened could be best discussed and explained to the people by poems. It seemed like that was just the only way to say some things.

Sometimes I have written out poems just before we were ready to go on the air. I have even written a few while the program was going on. The tunes for our songs have come to me in all kinds of places—riding along the highway, or resting at home, or even when I was working.

The same is true about the poems. One that has been commented on most widely, "God's Potted Flowers," was written on a bus between Eagle Pass and San Antonio. I am a businessman first, and don't claim to be a writer. But I'm proud of the fact just the same that I was asked more than a year ago to become a member of the American Society of Authors and Composers.

#### Religion Plays Part in Program

Experiences growing out of work on the radio have been great lessons for me in human nature understanding. There has been a lot of light entertainment and fun on our programs, but there has always been a serious purpose that goes beyond the commercial even on those programs which were paid for by flour sales.

Many of our special programs and those on Sundays have met with far-reaching and lasting sympathy and understanding. Some of those I will tell of later, particularly the memorial program for the little victims of that terrible disaster, the explosion in the New London School house.

Because I believe in religion and the spirit of brotherly love are everyday matters to carry along in our business—of just something to put on on Sundays—I have never hesitated to let religion have a big part in our programs. Lots of folks have got the idea, therefore, that I am a preacher. I get many letters from preachers, and one in Oklahoma wrote me that I was preaching to preachers and had made a better man out of him. But I have never preached a sermon in a pulpit, although I have often been asked to and I have spoken a few times from the pulpit platform.

Perhaps the best way to tell of the few things in my life in the last few years that may be of interest to the public is to review this radio work. The programs show largely what I was doing and thinking. In some cases I will put in print almost entire programs. All of these were written before I had any idea of running for Governor.

Next Week—A Typical Radio Program.

### Party for Girl Scouts Saturday Afternoon

The local chapter of Girl Scouts, recently organized under the sponsorship of Mrs. Tom Vaughan, will have an initiatory party in the home of Mrs. Vaughan on Saturday afternoon, October 29. The Girl Scout committee composed of Mrs. J. P. Love, Mrs. Lottie Bigbee, Mrs. J. C. Martin and Mrs. Gladys Watson will be present for the party.

The Girl Scouts have been meeting at the park but henceforth will have their meetings at the gymnasium at the Ada Henderson building. The organization is grateful that through the efforts of E. A. Perrin and the school board, they will have the gymnasium as a meeting place.

There are twenty-six girls who are members of the organization and Mrs. Vaughan said she would like to have six more to make her group of thirty-two. Mrs. Vaughan said if the girls wished they would redraw for patrol groups as there were only a few scouts present at the last meeting when they drew.

After the party there will be a business meeting at the gymnasium

when anyone who wishes will be given an opportunity to try out for tenderfoot. To pass this examination there has to be a certain amount of speed in tying knots and other activities of the girls. Several girls have already passed their tenderfoot examinations and need only await registration. All Girl Scouts should pay their registration fees at this meeting.

## STRIKING TESTS REVEAL HOW RECENTLY IMPROVED SOAP WASHES CLOTHES SHADES WHITER

THERE are many discoveries that are far less exciting, but few of greater importance in making life more enjoyable than the discovery of "scrubless" soap. One of the most outstanding of the "save work" soaps is the granulated soap, Rinso, which has helped so greatly to do away with the hard work of washday.

### A new principle

For years Rinso has given millions of women whiter, brighter washes without scrubbing or boiling. It has done this by producing rich, lively suds that soak out the dirt—gently and safely turning out imbedded particles—and leaving to the housewife the comparatively easy job of scrubbing a few stubborn edges, rinsing and hanging out a dazzling white and much brighter wash.

The effectiveness of Rinso suds has been so marked that the makers of 33 famous washers have long recommended this soap above all others.

### A further advancement

Recently the makers of Rinso announced that they had improved their soap. By actual test it was proven that the New Rinso gives, cup for cup, over 25% more suds than the old. These suds are longer-lasting and faster-acting, too. The New Rinso gives suds that last nearly

one-third longer than ordinary suds. What a blessing that is in hard water areas!

The New Rinso in comparison to old-fashioned soaps washes clothes brighter and at least 5 shades whiter with perfect safety.

The discovery of New Rinso may not rate a mention in the history books, but to millions of women it means better washday results, economy, freedom from hard work washdays.
